18<sup>th</sup> February 2019

Dear Sir/Madame,

Northern Devon Healthcare NHS Trust first installed the Medi-Shower system five years ago. The Medi-Shower system has proved to be very successful and has improved hygiene/infection control measures compared with the traditional shower heads and hoses that were used before the installation. The Trust has also significantly reduced labour and maintenance costs, plastic waste and water usage in line with our expectations. The shower heads and hoses are high quality products and look as they did on initial installation. We intend continuing to use them on a new 5 year basis. The Trust will continue to monitor the system, replacing the colour coded rose inserts quarterly and cleaning as necessary. We can highly recommend this product after 5 years of operation.

Yours faithfully

Steve Gladwin MIHEEM  
Energy and Compliance Manager
